TO TELEPHONE THE DEMOCRAT CALL
NO. 180.

MONDAY, JUNE 26

Will the Beacon kindly be a trifle more specific in its denial of the Senator Alexander interview? The Senator admits that the substance of what the DEMOCRAT printed was authorized.

THE Kentucky Democratic convention follows Pennsylvania's in adopting resolutions renewing faith in the Chicago platform and pledging loyal support to Hon. Wm. J. Bryan for the Presidency next year.

A BANK trust that will be international in its operation has just been incorporated at Albany, N. Y. It will be noticed that among the incorporators are a number of politicians who have lately made a pretense of being bitterly opposed to trusts.

JUDGE ANDERSON would like to believe that the DEMOCRAT's interview with Senator Alexander was a fake, but how can he? The DEMOCRAT is not the sole purveyor of political news in this locality. The judge has heard from several other sources of information.

THE historians of the Spanish-American war stubbornly refuse to record that "the hero of Santiago" hailed from Akron, O.—Columbus Press-Post.

Break the news gently to the local organ of Dick, which devoted nine-tenths of its space last fall to advertising the Colonel as the only real hero of Santiago.

SOME men in public life often find it politic to keep two sets of political opinions—one for public use, the other for private. Occasionally such men get their opinions mixed when talking to reporters, and are startled to read their private opinions publicly expressed in cold type. In accidents of this kind it is always proper and expedient to call the reporter who got the interview a liar.

WHIRLING AROUND. The heroic and unselfish band of trust-fighters, led by such uncompromising opponents of monopoly as the Hon. Mark Hanna, G. Cleveland, Secretary Alger, Attorney General Griggs and Geo. B. Cox of Cincinnati, has just had an influential addition to its ranks in the person of the Hon. J. Sterling Morton, ex-Secretary of Agriculture under the Administration of Cleveland.

J. Sterling is spouting anti-monopoly with a vigor that recalls the celebrated play by Congressman Champ Clark upon one of Morton's freak policies, several years ago. Clark said:

"Full many a whim of purest ray serene,
The dark unfathomed brains of Morton bear;
"Full many a wheel was formed to whirr unseen,
"And waste its sweetness 'neath J. Sterling's hair."

CHANGE THE DATE. The Franklin County Gold and Silver Free Coinage league has adopted resolutions demanding that "the Democratic State Central committee be reconvened to fix the date of the State convention at August 1 and 2, the original time set, instead of September 5 and 6, as now determined upon."

From all over the State the demand is being made that an earlier date be selected for the convention, and this demand is likely to be given organized force at the State convention of Democratic clubs to be held next week, unless action is taken by the committee in the meantime.

The Akron Democratic club should discuss this matter at its meeting next Wednesday night, when delegates to the Columbus convention will be chosen.

SERVICES

For the Foresters

At Calvary Evangelical Church.

D. of R. Will Have Picnic at Lakeside.

Warm Weather Does Not Affect Lodges.

Interesting Mid-Summer Sessions Being Held.

Sunday morning 150 Foresters, belonging to Court Pride, No. 356, and Companions of Court Pride, No. 1, attended services at the Calvary Evangelical church. Rev. W. H. Brightmire, a member of the order, presided the sermon, his theme being "The Science of Right Living."

Special music was given by the choir and the Calvary quartet, assisted by Mr. Elmer Zimmerman's solo, "Oh, That I Know Where I Might Find Him," was received with much favor.

The DEMOCRAT's regular correspondent from the L. O. F. submits the following:

Members of Court Pride, to the number of 150, and the Companions, attended the annual divine services yesterday morning at Calvary Evangelical church, conducted by Rev. W. H. Brightmire. All members expressed themselves that it was one of the grandest annual services yet attended.

The sick committee report Bros. Brown and Esterbrook convalescing. Thanks to the brethren from Kent and who were so kind as to have Court Tynan represented at our annual divine services.

The chief ranger wishes the assistance of all brethren in his next six months' term of office in carrying out the initiatory degree work, and the upbuilding of the order in general, as regard system and principle.

A good attendance is requested Tuesday evening, as business of importance pertaining to good of the order will be brought forth.

Remarks were heard on all sides yesterday that the L. O. F. when on parade shows a fine body of men, physically and otherwise. Why should she not, when the average death rate is only 5 1/2 per thousand annually, and the mortuary endowment fund is crawling close to the four million dollar mark.

The Pathfinder. The picnic committee of Akron lodge is hard at work and will make report to the lodge Monday night. It is intended to have a general gathering of all the Pathfinders and a very large attendance will, without doubt, be secured.

Lodges were instituted last week in New Philadelphia and Shelby. Arrangements have been made for a visit of the Akron team to Woodland lodge, Cleveland, on the evening of July 7. A large number of candidates will be initiated at that time.

Woodland lodge will also organize a team and they will receive their instructions in the work on that evening.

The lodge at Shelby was organized by Deputies Umbarger and Goss, who have secured nearly 100 members within a few weeks. This will undoubtedly be one of the best lodges in Ohio.

Supreme Organizer Pfeiffer will meet with Baroness De Hirsch lodge at Cleveland on Monday evening. He will undoubtedly spend the balance of the week in Pittsburgh.

Mrs. H. A. Thompson, wife of Deputy Thompson who organized America lodge at East Liverpool, has begun active work in assisting her husband. Mr. and Mrs. Thompson working together will meet with great success.

Modern Woodmen of America.

Akron camp had a large attendance at its last regular meeting to greet the new team. A lawn fete will be given on Thursday night, June 29, at the corner of Main and Falor sts. for the benefit of the sick fund. All neighbors are earnestly requested to come. Several candidates will be present to go through the forest on Monday evening, June 26. Come neighbors and see the team in their new uniforms work these second degree.

O. R. C.

Star and Crescent commandery met as usual on Wednesday evening. One application was received. Reports from the supreme session held June 19 and 20 were received with much satisfaction by all present. Many members who were the first to join the O. R. C. in this city and are still prominent members in the commandery were present. Nomination of officers was one of the features of the

TO TACKLE THE TRUSTS.

A Number of Governors of States and Others Will Attend the Chicago Conference.

CHICAGO, June 26.—Secretary Easley of the Civic Federation of Chicago, under whose auspices a conference will be held at Chicago, Sept. 15-16, to consider trusts and combinations and legislation for their control, received hundreds of letters from prominent men all over the country, accepting invitations to be present at the meeting. Among those who signified their intention of attending the conference in person, or who will be represented are:

Governors Pingree of Michigan, Roosevelt of New York, Stanley of Kansas, Sayers of Texas, Mount of Indiana, Faulcher of North Dakota, Thomas of Colorado, Tanner of Illinois, McLaurin of Mississippi, McMillan of Tennessee, Porter of Nebraska and Lee of South Dakota; John B. Clark, professor of political economy, Columbia university, New York; J. B. Jenks, professor of political economy, Cornell, and expert in trusts and combinations for industrial commission; P. E. Dove, president Commercial Travelers' National League; Francis B. Thurber, president National Exporters' association; Max Adler, president board of trade, New Haven, and Henry C. Adams, statistician interstate commerce commission; members of the interstate commerce commission, members of the industrial commission, Willis Young, president Northwestern Traveling Men's association; James O'Donnell, president International Association of Railway Generals; Davies of New York, Rucker of South Carolina, Hicks of Wisconsin, Mommert of Ohio, Douglas of Minnesota, Remley of Iowa, Davis of Arkansas, Bellinger of South Carolina, Bishop of Utah, Taylor of Indiana and Goddard of Kansas, Commissioner of Labor Thomas P. Rixey of Missouri, George Preston, secretary and treasurer of International Society of Machinists; ex-Governor Hoard of Wisconsin, president Farmers' National Congress; John B. Conner, bureau statistician, Indiana, R. H. Taylor, professor of political economy, University of Wisconsin, and John P. Jones, commissioner labor statistics, Ohio.

In acknowledging the receipt of an invitation to attend, ex-Secretary of Agriculture J. Sterling Morton of Nebraska, Rev. Dr. Lyman Abbott and other prominent citizens, are now walking monuments to the unlimited efficacy of animal magnetism, as possessed by the Boy Phenomenon. Not only do they admit the public absolutely free, but the poor are equally as grateful, for among the 48 free cases treated upon the public stage two weeks ago, 42 of them have since been treated absolutely free of expense, and all but seven permanently cured of their various ailments. For this and many other acts of charity and kindness he will long be remembered and forever have a warm spot in the hearts of the poor people of Akron.

But not content with the generous acts already done, he now proposes to admit the public absolutely free, Wednesday night, and treat the poor upon the stage without money and without price.

There will be no partiality shown at this exhibition, except to the poor, and they all will be treated alike, the most serious cases—those on crutches and canes—taking precedence, and the less serious ailments following. Letters of gratitude and testimonials from cured patients are pouring in so fast that it is almost impossible to publish them all, but two more are added to the long list today, making 76 permanent cures of well known citizens whose ailments had all been pronounced incurable: To the afflicted, Geo. Poole, of 404 Locust st., considering my recovery so wonderful that I feel it a duty to state I have been a very great sufferer from rheumatism for

eight long years. The pains at times were almost beyond endurance. Nothing seemed to help me. I was also troubled with chronic constipation. Since the Boy Phenomenon treated me I have not had a pain, and my chronic bowel condition is entirely eradicated.

Another old time resident of Akron who can vouch for the curative power of this young miracle worker is Mathew Slattery of 163 North Broadway. In answer to a reporter's query he said: "Magnesium is the best medicine I know of. I only wish the drug stores kept it for sale. For three years I have been a constant sufferer from sciatica. No one knows the awful agony I suffered unless they have had it. I had to quit work. I tried everything I heard of, but rarely got even temporary relief. Since this Boy Wonder put his magnetic hands on me, two weeks ago, I have not had a sign of pain. His powers are beyond my comprehension. I don't know how he does it; all I know is that he rubbed me a few times and cured me."

The above are only samples of hundreds he receives in every city he visits. Those who wish treatment should not delay another day. While he will remain in Akron some two or three weeks longer, he positively refuses to take new cases after his time is all filled. Consultation will be given each patient as they call and if found curable a price which is within the means of all will be named. If incurable the case will not be taken. Office hours at Buchtel hotel daily from 10 a.m. to 5 p.m.

Saengerbund Golden Jubilee. CINCINNATI, June 26.—The golden jubilee of the North American Saengerbund, this week, will likely be the most largely attended musical event ever known in this city. The International Saengerfest was organized here 50 years ago, and the triennial meeting this week will be a notable one in the history of the organization.

GIVE THE CHILDREN A DRINK. Called "Ginny," it is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Contains no alcohol, no stimulants, no narcotics. It aids digestion and strengthens the nervous system. It is a health builder and children as well as adults can take it with great benefit. Costs about one-fourth as much as coffee. 15c and 25c.

Newark Reached Valparaiso. SANTIAGO DE CHILE, June 26.—The United States cruiser "Newark," commanded by Captain C. F. Goodrich, arrived at Valparaiso.

FEVER RAGING AT SANTIAGO. Thirty-Three Cases and Five Deaths Since Outbreak Began. SANTIAGO DE CHILE, June 26.—Thirty-three cases of yellow fever with five deaths were officially reported since the beginning of the present outbreak. One of the deaths occurred in the Fifth Infantry. The other four fatal cases were civilians.

Captain Fabricius, a popular medical officer, died. For several days the Cubans have been conducting a patriotic demonstration, the festival of San Juan, in honor of the victory won there by the American troops over the Spaniards. The celebration, however, has been postponed for the absence of the American flag and for the non-participation of the better class of the Cubans themselves. One Spaniard was nearly killed by the mob.

PRESIDENT ATTENDED SERVICES. Visited Church and Sunday School—Mrs. McKinley Had a Cold. ADAMS, Mass., June 26.—The rain kept the president and all members of his party in doors almost all of the forenoon Sunday, but it cleared up in the afternoon and Mr. McKinley attended services at the Congregational church where the pastor, Rev. A. B. Pennington, preached on the theme, "War for Righteousness and Peace." His argument was that a struggle is necessary for development.

The presidential party attended the exercises of the Sunday school immediately following the sermon and sat on the platform with W. N. Plunkett, who is superintendent of the Sunday school. At the conclusion of these exercises the president returned to Mr. Plunkett's house and in the afternoon he took a carriage ride with his host.

The balance of the afternoon was passed in a quiet manner. All the party are enjoying very good health, except Mrs. McKinley. She contracted a cold on the trip from Washington, from which she has not yet recovered.

MISS SLAVIN WAS MURDERED. Her Death, Supposed a Suicide, Evidently Due to a Font Crime. WICHITA, Kan., June 26.—When the body of Miss Bell Slavin was found about 2 o'clock last Thursday morning in the office of the National Bank of Commerce, having evidently been shot by a bullet wound in the head, it was supposed that he had committed suicide. Later developments indicate that the young woman was murdered.

Miss Slavin was frequently employed by commercial travelers and other strangers. Mr. Jones, president of the bank, now states that on Wednesday afternoon a strange man came to the bank and asked to have some work done. Miss Slavin told him to bring it around after 6 o'clock. Mr. Jones says that he observed the stranger surveying the interior of the bank very critically.

A barber, who passed the bank at 8 o'clock, saw Miss Slavin standing before the window, apparently waiting for some one. Another person heard a pistol shot just after 8 o'clock. When Miss Slavin's body was found the bank door was unlocked, papers were scattered around the door, the contents of several drawers were disarranged, and Miss Slavin's keys were missing. The revolver found by the young woman's side was not her own. Her weapon was found in a drawer.

True to His Belief. Wigg—said that young Muggins, who was always talking about women's suffrage, has married a widow who is 27 years older than himself. Wag—Yes; he always said he would never have anything to do with the new woman—Cleveland Leader.

GRAND OPERA HOUSE

Will Again Witness the Performance of Miracles Wednesday Night.

For the Boy Phenomenon Will Repeat His Wonderful Manifestations in Alleviating Suffering Humanity.

He Offers to Cure the Afflicted Poor of Akron Absolutely Free at the Grand Opera House Wednesday Night, June 28.

Two Other Remarkable Cures of Well-Known Akron Citizens by the Boy Phenomenon, Who Will Remain at the Buchtel Hotel Two Weeks Longer.

The Boy Phenomenon, realizing that many of the worthy poor of Akron have been unable to receive this great blessing, or even witness the work upon the stage, and desiring to extend the hand of charity to the sick and suffering, he has rented the Grand Opera House for Wednesday night, June 28, at which time another grand free demonstration will be given, showing the phenomenal power magnetism has over disease. The sick and suffering, especially those on crutches, the lame, deaf, crippled, rheumatic and paralytic will be treated absolutely free upon the public stage. No admission fee will be charged. All who are afflicted, or curious, skeptical or interested, are especially invited.

The excitement created by him and the eulogies he has received both from the press and the public, have been well earned, as scores of patients, many of them the most prominent citizens in the city, who had suffered under agonies for years, and whose ailments had defied the most eminent physicians, are now walking monuments to the unlimited efficacy of animal magnetism, as possessed by the Boy Phenomenon. Not only do they admit the public absolutely free, but the poor are equally as grateful, for among the 48 free cases treated upon the public stage two weeks ago, 42 of them have since been treated absolutely free of expense, and all but seven permanently cured of their various ailments. ARMY OFFICERS SHIFTED.

Officials in Other Departments Also Changed by the New French Cabinet.

PARIS, June 26.—At the cabinet council M. Loubet, the president, signed orders making the following changes: M. Bertrand, procurator general to the appeal court, and M. Fenilleux, public prosecutor, are both removed. M. Beld, attorney general, is appointed public prosecutor. M. Loubet, whose dismissal on account of the Deroulede trial has been much criticised as unjust, is appointed advocate general.

M. Bertrand's successor has not yet been appointed. General Goltzschmidt, General Roguet, Colonel Saxo and Colonel Courbier are transferred to other positions.

The premier, M. Waldeck-Rousseau, read a draft of his speech in parliament today, which was very brief, merely announcing that the new ministry has no aim but to follow out the orders of the day voted on June 12, on the motion of Joseph Ruau, Democratic Radical, representing the second district of St. Germain, which was as follows: "The chamber is determined to support only a government resolved to defend vigorously republican institutions and to secure public order and passes to the order of the day."

PROBABLY GONE FOR DREYFUS.

A War Vessel Sailed Likely to Meet the Cruiser Sfax.

BREST, France, June 26.—The French first-class cruiser Tage put to sea, the official explanation being that she has gone to experiment with carrier pigeons. However, a much larger cruiser than the Sfax, which is bringing Captain Dreyfus, and the dispatch of such a big vessel with carrier pigeons was quite unprecedented.

As against this theory and as an indication that the landing of Dreyfus will be effected here, there is the fact that a large number of gendarmes from the country around Brest are arriving or expected to arrive.

LIKELY 12,000 WILL BE PAID.

Estimate of Size of Cuban Army by Those Receiving Money.

HAVANA, June 26.—Brigadier General Randall paid, in the provinces of Havana and Pinar del Rio, and in the western half of Matanzas province, 3,300 Cuban troops. This raises the full number, exclusive of the provinces of Puerto Principe and Santiago, to about 4,500. If the same ratio is maintained in the two latter provinces, as the original lists stand, the figures will reach a total of 12,000. The additional payroll will probably add 10,000 names, 50 per cent of which are likely to receive payment.

The present roll contains 39,000, not counting the supplemental lists or the officers paid. It is believed that not a pair of pants will be turned forward for payment. American army officers consider that the figures shown in the payments represent the most reliable estimate of the size of the insurgent army, which included a large number of unarmed camp followers.

Accused of Being the Murderer.

CHICAGO, June 26.—The police stated that positive evidence has been secured pointing to Frank, alias Matt Smith, and "Coffee" Brauer, alias Sigmond Brock, two salivator sailors, as the men who robbed and murdered Martin Meyer, the aged Swiss butcher, who was found dead in his lonely home on West Fifty-seventh street about three weeks ago. Smith and Brauer are said to be in Michigan.
